# PROBLEM STATEMENT

- Digital portfolio are to showcase work and skills, encourage reflection and ownership of learning, and document personal and professional growth over time.

# PROJECT OVERVIEW

## 1. Project Title :

Clearly mention the name of the project.

## 2. Objective :

Briefly explain what the project aims to solve or achieve.

## 3. Tools & Technologies Used :

List the software, programming languages, or tools you used.

## 4. Your Role :

Describe your responsibilities and contributions to the project.

## 5. Outcome :

Share the final result or what you learned from the project.

# WHO ARE THE END USERS?

## 1. Target Audience

Define who will use or benefit from the project (e.g., students, customers, employees).

## 2. User Needs

Mention what problems or needs the project solves for them.

## 3. User Interaction

Explain how users will interact with or experience the project (e.g., website, app, tool).

# TOOLS AND TECHNIQUES

HTML

CSS

JAVASCRIPT

CODEPEN AS  
CODE EDITOR

GITHUB AS  
HOSTING  
PLATFORM

# POTFOLIO DESIGN AND LAYOUT

## 1. Plan a Clean and Simple Design :

Use a minimalist style to present your work clearly, avoiding clutter and distractions.

## 2. Use Consistent Typography and Colors :

Pick a readable font and a color palette that reflects your personal or brand identity.

Apply them consistently throughout.

## 3. Utilize White Space Effectively :

Leave enough white space between sections to make content easier to read and visually appealing.

## 4. Add High-Quality Imagery :

Include clear, professional images and graphics to highlight your projects and skills.

## 5. Ensure Responsive Design :

Make sure your portfolio looks and works great on all screen sizes — desktops, tablets, and smartphones.

## 6. Implement User-Friendly Navigation :

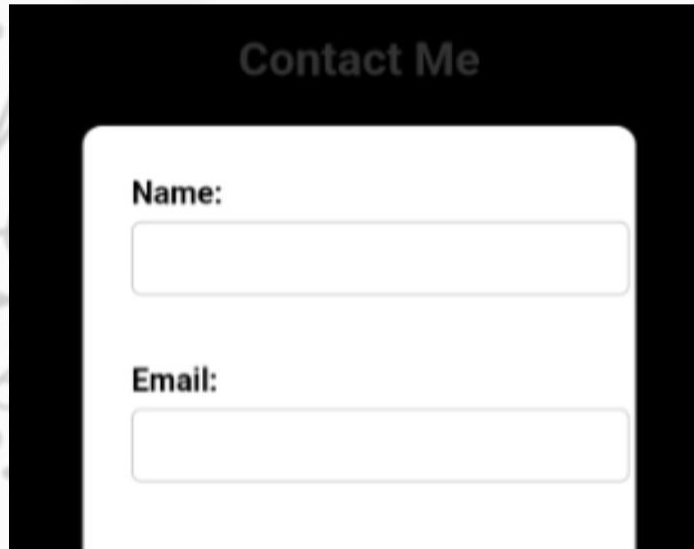

Use a simple menu or navigation bar to help users easily browse different sections of your portfolio.

## 7. Choose the Right Layout Style :

- Grid-based : Uniform and structured project display
- Masonry : Flexible, varying block sizes
- Single-page : Scroll-based navigation
- Multi-page : Separate pages for different sections
